2018 Classes and Workshops

After School Art- Our after school art program offers children ages 6 - 12 the opportunity to explore their creativity and artistic selves in a fun, nurturing environment. The Barn exposes students to the fundamentals of fine art and introduces them to a wide variety of media, styles, and artists throughout the school year.

4:30-5:30pm \$60

March 7, 14, 21, 28

April 11, 18, 25, May 2

May 9, 16, 23, 30

ADULT CLASSES

Push aside the to-do list and sign up for a bit of creativity! Through art, you'll learn to focus better, tune out your stresses, and just focus on creating something beautiful. Art teaches how to observe the world, step back, and to just take in the beauty of detail, color and textures before you. Take this time to simply focus, create and center through an art class. We welcome all levels!

Beginner / Intermediate Painting Studio

This class has been designed for adult students who wish to explore and develop their own personal techniques. Students work on their own individual projects under the guidance of the instructor. There is a critique period each class meeting, which will allow the students to strengthen their ability to discuss their own work, as well as others. Students may have a variety of interests and the instructor works to inspire each student, and to build and grow from their strengths to create their best work. Art history, art appreciation, and color theory are a large part of the curriculum in this relaxed class.

Tuesdays: May 29, June 5, 12, 19

Beginning Abstract Painting

It can be daunting to enter the world of abstraction. How will you know what to paint when there is nothing in front of you to use as a guide? This class is designed to gently guide the beginning abstract student into a different mode of painting, where one can play with ideas of composition, color, form, space, and surface in a direct way. In the 6 week course there will be 3-4 assignments, each utilizing a different plan of attack. The first painting will use nature as a starting-off point, breaking down familiar forms to discover their abstract essence. The 2nd and 3rd assignments will use familiar ways of graphic thinking as a means to discover the poetry of abstract shapes.

6 Mondays- June 25, July 2, 9, 16, 23, 30

5:45-8pm

\$190

ADULT WORKSHOPS:

Treat yourself to a full or half-day workshop that allows you to work without interrupting your process. Working at home (if we ever get to) is often fractured, here you are given a place to spread your materials out and surround yourself with a quiet creative environment..

Abstract Painting

Develop techniques that create rich textural surfaces, glazed and stained fields of color, and aesthetic ways of organizing space. The strength, sensitivity and rhythm of form, line, value, shape, pattern, and color will be examined. Teacher will work with each student individually, to help them understand the concepts behind non-representational painting. Students are encouraged to explore their own styles and techniques. Painting experience recommended.

Saturday June 9th, 12-4pm

\$80

Art Of Collage

Collage is an expressive medium that combines found and made materials. Students will bring a personal element to their art by including their own photos, papers, and drawings. This class combines drawing and painting using a variety of mediums such as charcoal, graphite, pastels, colored pencils and more. Themes and assignments will be given by the instructor.

Some materials will be supplied. Supply list will be available on the website.

Saturday August 11th, 10-4pm

SUMMER CAMP DESCRIPTIONS

Weekly morning camps to get your child through a long summer! Classes run Monday-Thursday leaving the weekend open for your family. Found some open Fridays? We have workshops in the mornings for those extra days!

Unicorn Magic (Ages 7-10)

Join us for a completely magical week all about unicorns. We will draw, paint and sculpt our own unicorns, complete a really cool mixed-media unicorn, and make unicorn inspired slime, too!

June 25,26,27,28

9:30-12 Noon

\$135

Drawing and Painting Exploration I (Ages 10-12)

For the more experienced and or serious young artist- Explore the tools and techniques that artists use to create work from both life and imagination. In this class, we will experiment with different media, look at other artists' work, and discover what it means to see the world through the artist's eye. Students will learn how to improve their observational skills and understanding of art elements such as line, shape, value, color mixing, and more. Join us as we dive into the exciting things you can do with different materials.

July 2,3,5, 6. (Please note no class on the 4th- We will have a class on Friday the 6th)

9:30-12 Noon
